ORDINANCE NO. 317

AN ORDINANCE TO AUTHORIZE INTERIM FINANCING IN THE CONSTRUCTION OF EXTENSIONS, BETTERMENTS AND IMPROVEMENTS TO THE SEWER SYSTEM OF THE CITY OF ATKINS, ARKANSAS, AND AUTHORIZING THE ISSUANCE AND DELIVERY OF SEWER SYSTEM REVENUE IMPROVEMENT BONDS IN THE PRINCIPAL AMOUNT OF $223,000.00 FOR PERMANENT FINANCING TO AID IN THE SAID CONSTRUCTION; DECLARING AN EMERGENCY; AND FOR OTHER PURPOSES.

WHEREAS, the City Council of the City of Atkins, Arkansas (herein sometimes referred to as "Council") has determined to construct extensions, betterments, and improvements to the sewer system of the City and has caused to be filed with the City Recorder by a duly qualified engineer, chosen by the Council, plans and specifications and an estimate of the costs of construction said improvements; and

WHEREAS, according to the above mentioned estimate, the costs of constructing the said improvements to the sewer system, will be the sum of approximately $505,000.00, including engineering, legal costs, and other expenses incidental to the issuance of the bonds hereinafter authorized, which report has been examined and approved by the Council; and

WHEREAS, the City is authorized under Act No. 132 of the Acts of the General Assembly of Arkansas of the year 1933, as amended, to issue and sell revenue bonds for the purpose of financing the cost of constructing the said improvements to the sewer system, including, printing, legal and other expenses incident to the issuance of the bonds; and

WHEREAS, to secure a portion of the funds necessary to finance the construction of the said improvements to the sewer system and the engineering, legal, and other costs incidental to the issuance of the bonds for the said purposes, the Council has determined to issue the Sewer System Revenue Improvement Bonds hereinafter authorized, to be payable solely from the net revenues of the sewer system and the surplus revenues of the waterworks system;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ATKINS, ARKANSAS:

Section 1. That improvements to the sewer system be constructed in accordance with the plans hereinbefore referred to.

Section 2. That the City Council hereby finds and declares that the period of usefulness of the sewer system after completion of said improvements will be more than forty (40) years.

Section 3. That under the authority of Act No. 132 of 1933, as amended, the City is hereby authorized to borrow the sum of Two Hundred Twenty-three Thousand Dollars ($223,000) from the United States of America, acting through the Farmers Home Administration, and issue as evidence thereof a "Sewer System Revenue Improvement Bond". Said bond shall bear interest at the rate of five per cent (5%) per annum, payable annually beginning January 1 next following the date thereof, with principal and interest payable in annual amortized installments beginning the second January 1 following the date of the bond, and on each succeeding January 1 thereafter, until the face

amount of the bond, plus interest thereon, is fully paid, except that the final payment of the entire indebtedness if not sooner paid, shall be due and payable forty (40) years from the date of the bond. If interim certificates, as hereinafter authorized, are issued to the purchaser of the bond, said bond shall be dated as of the date of the delivery of the first interim certificate, otherwise, the bond shall be dated as of the date of its delivery. Said bond shall be issued in fully registered form without interest coupons; it shall be registered as to principal and interest by the Recorder of the City in a bond registration book and a certificate of such registration shall be endorsed on the bond. Thereafter, both the principal and interest shall be payable to the registered owner at his address appearing on the bond registration book.

The bond, together with interest thereon, shall be payable solely out of the Sewer Revenue Bond and Interest Sinking Fund as hereinafter defined, and shall be a valid claim of the holder thereof only against said Fund, and the amount of the revenues pledged to said Fund, which amount of said revenues is hereby pledged and mortgaged for the payment of the bond and shall be used for no other purpose than to pay the principal of and interest on the bond. The said bond shall contain a recital that it is issued pursuant to said Act No. 132 of the General Assembly of Arkansas of the year 1933, as amended.

Pending the preparation and delivery of the permanent and definitive bond hereinabove authorized, interim certificates of indebtedness in the aggregate principal amount of said

bond, may be issued for the purpose of providing construction funds immediately and in anticipation of the issuance of such permanent and definitive bond. The interim certificates shall be in such denomination or denominations as the City Council shall determine, be dated the date of delivery, bear interest at the bond rate, or if issued to evidence loan funds obtained on an interim basis, at such loan rate, and be payable on or before three (3) years after their date. Upon delivery of the permanent and definitive bond, the interim certificates, to the extent then outstanding with accrued interest, shall be exchanged for, or paid from the proceeds of, the permanent and definitive bond.

Section 4. The said bond and intereim certificates of indebtedness shall be signed by the Mayor and Recorder and sealed with the corporate seal of the City and be in substantially the following forms:

UNITED STATES OF AMERICA

STATE OF ARKANSAS

COUNTY OF POPE

CITY OF ATKINS

5% SEWER SYSTEM REVENUE IMPROVEMENT BOND

KNOW ALL MEN BY THESE PRESENTS:

That the City of Atkins (herein called the "City"), in the County of Pope, and State of Arkansas, hereby acknowledges itself to owe, and for value received promises to pay to the registered owner hereof but solely from the special Fund provided therefor as hereinafter set forth, the principal sum of

TWO HUNDRED TWENTY-THREE THOUSAND DOLLARS

($223,000.00), plus interest on the unpaid balance at the rate of five per cent (5%) per annum. The said principal and interest shall be payable in the following installments on or before the following dates: Interest only on the first days of January, 1974 and 1975, and $_____ on the first day of January, 1976, and annually thereafter on the first day of January until principal and interest are fully paid, except that the final installment on the entire indebtedness evidenced hereby, if not sooner paid, shall be due and payable forty (40) years from the date of this bond. This bond shall be registered as to principal and interest in a bond registration book, such registration to be noted on the back hereof and no transfer shall be valid unless made on the bond registration book and similarly

noted on the back hereof. Thereafter, both the principal and interest shall be payable in lawful money of the United States to such registered owner at his address appearing on the bond registration book.

This bond is issued for the purpose of aiding in the construction and installation of extensions, betterments and improvements to the sewer system of the City under and pursuant to and in full compliance with the Constitution and laws of the State of Arkansas, including particularly Act No. 132 of the regular session of the General Assembly of the State of Arkansas of the year 1933, as amended, and pursuant to ordinances and proceedings of the City Council duly passed, and does not constitute an indebtedness of the said City within any constitutional or statutory limitations.

Both principal of and interest on this bond are payable solely from a fixed amount of the revenues derived from the operation of the sewer system and the waterworks system remaining after there has been set aside sufficient funds to meet the debt service requirements of the City of Atkins, Arkansas, Water and Sewer Refunding and Improvement Bonds, dated June 1, 1962, setting up all necessary reserves therefor, and providing for the operation and maintenance of the sewer and waterworks systems, which amount shall be sufficient to pay the principal of and interest on this bond as the same become due and payable. Said amount has been duly set aside and pledged as a special Fund for that purpose and identified as the "Sewer Revenue Bond and Interest Sinking Fund" created by Ordinance No. _____, duly adopted by the City Council of the City of Atkins, on the ____ day of _____, 1973, under which this bond is authorized

217

to be issued, and in said Ordinance the City of Atkins has fixed and has covenanted and agreed to maintain rates to be charged for the use of and services rendered by the sewer and waterworks systems which rates shall be sufficient at all times to provide for the payment of the principal of and interest on this bond as the same become due and payable, to provide and maintain a reserve for contingencies, to provide for the creation of separate depreciation funds for necessary replacement and repairs to the systems, and to provide for the payment of the reasonable expenses of operation and maintenance of the systems.

This bond is expressly made negotiable under said Act No. 132, as amended, and is issued with the intent that the laws of the State of Arkansas shall govern the construction thereof.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of the City. Refunds and extra payments as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this bond and shall not affect the obligation of the City to pay the remaining installments as scheduled herein.

IT IS HEREBY CERTIFIED, RECITED, and DECLARED that all acts, conditions and things required by the Constitution and laws of the State of Arkansas to exist, happen and be performed precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due time, form and

manner, as required by law, and that sufficient of the income and revenues which is deemed to be derived from the operation of the sewer and waterworks systems has been pledged to and will be set aside into said special Fund for the payment of the principal of and interest on said bond; and that the indebtedness represented by this bond and the issue of which it forms a part, does not exceed any constitutional or statutory limitations.

This bond shall not become a valid obligation of the City until the Certificate hereto has been duly executed by the Treasurer of the City.

IN WITNESS WHEREOF, the City of Atkins, Arkansas, by its City Council has caused this bond to be signed by the Mayor and City Recorder thereof and sealed with the corporate seal of said City, all as of the _____ day of _____, 197__.

INTERIM CERTIFICATE OF INDEBTEDNESS

No._____ $_____

FOR VALUE RECEIVED, the City of Atkins, Pope County, Arkansas, hereby acknowledges itself indebted and promises to pay to _____ at its office in the City of _____, County of _____, Arkansas, the principal sum of

_____ DOLLARS ($_____)

on January 1, 19___, plus interest thereon from the date hereof at the rate of ____% per annum, payable annually on January 1 in each year beginning January 1 next following the date hereof.

This Certificate is one of a series of _____ Certificates in an aggregate amount not to exceed $223,000.00, issued for the purpose of providing construction funds in anticipation of the issuance of a permanent and definitive bond for constructing extensions, betterments and improvements to the sewer system in the City of Atkins, Arkansas in accordance with the Bond Resolution of the City adopted on the _____ day of _____, 197__. This is a special obligation payable solely from the revenues of the definitive bond, and it does not constitute an indebtedness of the City within any constitutional or statutory limitation. The City covenants and agrees that on or at its option, before the maturity date hereof, this and other such certificates, to the extent then outstanding, with accrued interest, to date of payment without

penalty, shall be exchanged for, or paid from the proceeds of, such permanent and definitive bond.

IN WITNESS WHEREOF, the City of Atkins, Arkansas, has caused this certificate to be signed by the Mayor and City Recorder and sealed with the corporate seal of said City on the _____ day of _____, 197__.

Section 5. The rates for the services of the sewer and waterworks systems established by Ordinance No. 299 of the Ordinances of the City of Atkins are hereby confirmed. The said rates are deemed reasonable and necessary minimum rates to be charged and will produce a total revenue sufficient to pay the total operation and maintenance expenses of the systems and to provide for the payment of the City of Atkins, Arkansas, Water and Sewer Refunding and Improvement Bonds, dated June 1, 1962, and the bond issued hereunder, both principal and interest as the same fall due and are payable, and to create all funds herein provided.

Said rates shall never be reduced until the bond herein authorized has been paid in full and shall, when necessary, be increased in an amount sufficient to provide for the maintenance of the Funds hereinafter described.

Section 6. The Treasurer of the City shall be the custodian of the revenues derived from the sewer and waterworks systems (sometimes hereinafter collectively referred to as the "System"), and shall give sufficient bond for the faithful discharge of all duties as such custodian (the amount of such bond to be $50,000, but in no event less than the total funds at any time in the hands of the Treasurer and to be approved by this Council). A like bond in a sufficient amount to be approved by the Council, shall be required of each person handling funds of the System.

Section 7. After there shall have been paid from the Water and Sewer Fund of the City, established by Ordinance No. 258 of the Ordinances of the City of Atkins, Arkansas, passed and approved August 7, 1962, the funds required to be paid therefrom into the Water and Sewer Operation and Maintenance Fund established by said Ordinance No. 258, the funds required to be paid into the Water and Sewer Refunding and Improvement Revenue Bond Fund of the City, established by said Ordinance No. 258, to meet the debt service requirements of the Water and Sewer Refunding and Improvement Bonds of the City, dated June 1, 1962, and the funds required to be paid into the Water and Sewer Depreciation Fund established by said Ordinance No. 258, and to establish and maintain all reserve funds in connection therewith, there shall be paid by the City Treasurer from the said Water and Sewer Fund of the City, and deposited into a fund which is hereby created and designated Sewer Revenue Bond and Interest Sinking Fund (hereinafter sometimes called the "Sinking Fund"), on or before the fifth day of business of each month until the bond issued hereunder and the interest thereon have been paid in full, or provision made for such payment, a sum equal to one-tenth (1/10th) of the next installment of principal of and interest on the bond until there shall have been accumulated a debt service reserve in the amount of Thirteen Thousand One Hundred Dollars ($13,100.00); PROVIDED, HOWEVER, that when in any fiscal year no principal of or interest on the bond is in default and the amount in the Sinking Fund provides a reserve in the sum of $13,100.00, and so long as the said debt service

reserve is so maintained, the amount so deposited each month into the said Fund shall equal one-twelfth (1/12th) of the next installment of principal and interest.

If the revenues in any month are insufficient to make the required payment on the fifth business day of the following month into the Sinking Fund, then the amount of any deficiency in the payment made shall be added to the amount otherwise required to be paid into the Sinking Fund on or before the fifth day of the next month. The amount by which payments in any fiscal year exceed the aggregate amount of interest and principal payable in the next succeeding fiscal year, shall be held in said Sinking Fund as a reserve for contingencies and used solely as provided herein; PROVIDED, HOWEVER, that when the moneys held in the Sinking Fund, including the reserve for contingencies, shall be and remain sufficient to pay the principal of and interest on the bond then outstanding, the City Treasurer shall not be obligated to make any further payments into the Sinking Fund. If, for any reason, the City Treasurer shall fail at any time to make any of such payments into the Sinking Fund, any sums then held as a reserve for contingencies shall be used to the extent necessary in the payment of the interest on and the principal of the bond, but such reserve shall be reimbursed from the next available revenues of the System. All moneys in the Sinking Fund shall be used solely for the purpose of paying the interest on and the principal of the bond issued hereunder.

Section 8. It shall be the duty of the City Treasurer to withdraw from the Sinking Fund at least five (5) days before the maturity date of the bond issued hereunder or interest payment thereon, and to forward to the place of payment, an amount equal to the amount of such bond or interest payment for the sole purpose of paying the same, and no withdrawal of funds from the Sinking Fund shall be made for any other purpose except as otherwise authorized by this Ordinance. Such deposit shall be at the sole risk of the City and shall not operate as a payment of the bond or interest until so applied.

Section 9. Until the bond herein authorized to be issued has been paid in full, both principal and interest, the City shall maintain the said Water and Sewer Fund, Water and Sewer Operation and Maintenance Fund, and Water and Sewer Depreciation Fund as created and established by said Ordinance No. 258, passed and approved on the 7th day of August, 1962.

Section 10. If a surplus shall exist in the Water and Sewer Fund over and above the amount required to make all deposits required to be made into the Water and Sewer Operation and Maintenance Fund, the Water and Sewer Depreciation Fund, and the Sinking Fund, and so long as there is no default in the payment of the principal of or interest on the bond authorized hereunder, such surplus may be applied by the Council to the payment of the principal of and accrued interest on any of the said bonds as may be called for redemption before maturity or to any other lawful purpose.

So long as there is no default in the payment of the principal of or interest on the bond authorized hereunder, the Council may invest funds on deposit to the credit of the Sinking Fund and on deposit to the credit of the Water and Sewer Revenue Depreciation Fund in excess of the requirements of the respective Funds in the direct obligations of, or in obligations the principal of and the interest on which are guaranteed by, the United States of America.

Section 11. This bond, together with the interest thereon, shall be payable solely out of the Sinking Fund as hereinbefore defined and shall be a valid claim of the holder thereof only against said Fund and the amount of the revenues pledged for the payment of the bond herein authorized, and shall be used for no other purpose than to pay the principal of and interest on the said bond as the same accrue, except as herein provided.

Section 12. The Water and Sewer Fund, the Water and Sewer Operation and Maintenance Fund, and the Water and Sewer Depreciation Fund authorized by said Ordinance No. 258, and the Sinking Fund herein created shall be established and maintained so long as the bond is outstanding in such depository bank or banks, which must hold membership in the Federal Deposit Insurance Corporation, as may be lawfully designated from time to time, subject however, to the giving of security by such depository as now or as hereafter may be required by law. The depository bank or banks shall give security, either by corporate bond or by the escrow of bonds or other direct or fully guaranteed

obligations of the United States of America, for all sums on deposit with it or them in excess of $20,000.00, or in excess of insured funds.

Section 13. IT IS HEREBY COVENANTED and AGREED by the City with the holder of the bond herein authorized to be issued that it will perform all duties with reference to the System required by the Constitution and laws of the State of Arkansas, including making and collecting of reasonable and sufficient rates lawfully established for services rendered by the System, segregating the revenues of the System and its application to the respective Funds herein defined.

The City hereby irrevocably covenants, binds and obligates itself not to pledge, mortgage or otherwise encumber the sewer system or any part thereof, or any revenues derived from the operation of the System or any part thereof, and that it will not sell, lease or otherwise dispose of the sewer or waterworks systems or any portion thereof, unless and until the principal of and interest on the bond issued hereunder shall be paid in full, or unless and until provisions shall have been made for the payment of the bond and interest thereon in full, and the City further covenants and agrees with the holder of the bond to maintain the System in a satisfactory condition and to operate the same continuously in an efficient and economical manner.

Section 14. The City will maintain the System in good condition and operate the same in an efficient manner and at a reasonable cost. So long as the bond is outstanding, the City

agrees to maintain fire, and extended insurance on all above ground structures exclusive of reservoirs, standpipes and elevated tanks, coverage of which may be at the option of the City, in an amount which normally would be carried by a private company engaged in a similar type of business. In the event of loss, the proceeds of such insurance shall be applied solely towards the reconstruction, replacement or repairs of the System. In such event, the City will, with reasonable promptness, cause to be commenced and completed the reconstruction, replacement, or repairs.

If the operation of the System requires the use on public highways of a motor vehicle or vehicles owned by the City, the City will maintain public liability insurance to the limit of not less than $50,000 in respect to bodily injury or death to any one person, to the limit of not less than $100,000 in respect of any one accident, and to the limit of $5,000 in respect to damage to property.

If five or more persons are employed by the City in the operation and maintenance of the System, the City will maintain Workmen's Compensation Insurance for the benefit of all persons so employed.

Nothing herein shall be construed as requiring the City to expend any funds for premiums on its insurance required by this Section, which are derived from sources other than the operation of the System, but nothing herein shall be construed as preventing the City from doing so.

Section 15. The City will keep for each System proper records, books, and accounts, in accordance with generally accepted accounting practices for facilities of like type and size, in which complete and correct entries shall be made of all transactions pertaining thereto. All such books, records, and accounts, shall at all times during normal business hours be subject to the inspection by the holder of the bond issued hereunder and to any agent or representative of any such holder. So long as the bond issued hereunder is outstanding, the City will furnish to the holder periodic operating statements of the System in such form and substance and for such periods as may be required. Not later than ninety (90) days after the close of each fiscal year (or as soon after the close of each fiscal year as provisions may be made therefor) the City will, upon written request, furnish to the holder of the bond issued hereunder, an audit covering such fiscal year certified by the Division of Local Audits of the office of the State Comptroller or by an independent certified public accountant. The said audit shall reflect in reasonable detail the financial condition and records of the operation of the City and of the System and shall include, but shall not be limited to, the following information: An evaluation of the manner in which the City has complied with its covenants hereunder; a statement of the operating income and expenses; an analysis of each Fund provided herein, including the deposits, withdrawals, and beginning and ending balances; a general balance sheet; the schedule of rates charged for each class of service as of the commencement of

the fiscal year, the gross revenues received, and the number of connections; schedule of insurance policies and fidelity bonds in force showing with respect to each policy and bond the nature and amount of the risk covered, the expiration date, and the name of the insurer; names and titles of principal officers of the City and of the Waterworks and Sewer Commission, if any; and a general statement concerning any events or circumstances which might possibly affect the financial status of the System.

Section 16. The System shall be operated on a fiscal year basis beginning as of January 1, and ending December 31.

Section 17. If there be any default in the payment of either the interest on or principal of the bond, and such default shall continue for thirty (30) days thereafter, and if default shall be made in the due and punctual performance of any of the other covenants and agreements contained in the bond or in this Ordinance, the holder of the bond may by proper suit compel the performance of the duties of the officials of the City as set forth in said Act No. 132.

If there be any default in the payment of the principal of or interest on the bond, and such default shall continue for thirty (30) days thereafter, any court having jurisdiction in any proper action may appoint a receiver to administer the said System on behalf of the City, with power to charge and collect rates sufficient to provide for the payment of the bond and interest thereon and for the payment of

the operating expenses and to apply the income and revenues in conformity with the said Act and this Ordinance providing for the issuance of said bond.

Section 18. The proceeds from the sale of the bond and/or interim certificates of indebtedness shall be disbursed as follows:

(a) In the case of interim certificates of indebtedness, the amount provided for the payment of interest during the construction period shall be deposited in the Bond Fund and the balance of the proceeds shall be deposited in a special account of the City designated "Sewer System Construction Fund" in a bank that is a member of the Federal Deposit Insurance Corporation and disbursed by it solely for the payment of the cost of constructing the improvements to the sewer system, cost of necessary engineering, legal and administrative services, clerical and other miscellaneous expenses.

(b) In the case of the permanent and definitive bond, the amount necessary, if any, to pay in full the outstanding principal and accrued interest to date of payment of any interim certificates of indebtedness shall be used for that purpose, and the balance shall be deposited into the Construction Fund and used for the accomplishment of the improvements and the expenses incurred by the City in authorizing, selling and issuing the bond.

Upon the delivery of the bond, the City shall, from its own funds, pay into the said Construction Fund the sum of $27,000.00 to apply on the costs of construction.

Any unexpended balance remaining in the Construction Fund after payment of all construction costs and expenses shall be used solely for making prepayments on the bond.

Section 19. While the bond herein authorized remains outstanding, the City shall not issue or attempt to issue any bond or bonds secured by revenues of any part of the System claimed to be entitled to priority of lien over the lien securing the bond of this issue. The City expressly reserves the right to issue, in one or more series, additional bonds or obligations of the City to finance or pay the costs of constructing betterments and improvements to the waterworks and sewer system, or either of them; PROVIDED, HOWEVER, that the City shall not authorize or issue any such additional revenue bonds so long as this bond is outstanding on a parity with it, except when necessary to complete the construction of the improvements to the sewer system, or unless the net revenues of the system or systems to be pledged as security (defined as gross revenues less the expense of essential operation and maintenance) for the fiscal year immediately preceding the issuance of the additional revenue bonds equal at least 120% of the average annual debt service requirements of all bonds of the City then outstanding and payable from the revenues of the waterworks and sewer systems,

or system, the revenues of which are to be pledged, and of the proposed additional revenue bonds then proposed to be issued, all of which shall be certified by an independent certified public accountant; PROVIDED, FURTHER, HOWEVER, the City may issue additional bonds to finance or pay the costs of constructing betterments and improvements to the waterworks and sewer system of the City on a parity with the bond authorized to be issued hereunder if the holder of the bond issued hereunder shall consent thereto. Nothing herein shall prevent the City from issuing revenue bonds subject and subordinate to the lien of the bonds herein authorized.

Section 20. If any provisions of this Ordinance shall for any reason be held illegal or invalid by the courts, it shall not affect the validity of the remainder of the Ordinance.

Section 21. All ordinances or resolutions or parts thereof, not including, however, Ordinance No. 258 of the Ordinances of the City of Atkins, passed and approved on the 7th day of August, 1962, in conflict herewith are hereby repealed to the extent of such conflict.

Section 22. This Ordinance shall not create any right of any character, and no right of any character shall arise under or pursuant to it, until the bond authorized by this Ordinance, shall be issued and delivered.

Section 23. It is ascertained and declared that on account of the lack of an adequate sewer system to serve the

City of Atkins, the health and lives of the inhabitants thereof and their property are daily endangered. IT IS, THEREFORE, declared that an emergency exists, that this Ordinance is necessary for the immediate preservation of the public peace, health and safety, and this Ordinance shall take effect and be in full force from and after its passage.
