Mayor's Report: Mayor Sweet reported the Eclipse went well for the town of Atkins. Visitors showed up, watched the event, and then left. The City was only out extra funds for a dumpster. Mayor Sweet attended last month's PBA meeting for Pickle Fest, which is May 17th-18th. Mayor Sweet stated more food vendors and kid activities will be in attendance. Jeff Riley is overseeing the music and has a great line up. Mayor Sweet is still waiting on an estimate for the Matthews Civic Center. The 2 estimates received have been about $50,000. Mayor Sweet completed the last report for the Rescue Funds to the US Treasury Department.

The Atkins City council met April 24, 2024, at 6:30pm at Atkins City Hall for a special meeting. Mayor Sweet called the meeting to order. Attending were Mayor Rowdy Sweet, City Clerk Angela Singleton, and aldermen present were Sean Rehm, Bro Price, Raymond Pearce, JoAnn Spence, and Tim Waddle. Absent was Daniel Dunn

Mayor Sweet present the Change Order No 1 to the council. Blackstone Construction are adding cut casing and casing spacers and additional vertical height to 6" meter vault. Original contract price was $187,526 and the new contract price is $213,096.90. See attachment.

Sean Rehm made a motion to accept Change Order No 1. Bro Price seconded the motion. Vote was:

Sean Rehm	Yes	Tim Waddle	Yes
Bro Price	Yes	JoAnn Spence	Yes
Raymond Pearce	Yes	Daniel Dunn	Absent

JoAnn Spence raised concerns about the vandalism of the City Park. Mayor Sweet stated he will be installing cameras. Sean Rehm raised concerns about the Splash Pad being opened on Sunday mornings. He recommends it not open until 1pm. Mayor Sweet will look into this and ask citizens their opinion. Mayor Sweet stated the hole by the Matthew Civic Center will be filled with slurry. He is hoping for it to be replaced by tile or concrete in the near future. Mayor Sweet was quoted for the sidewalks on Avenue 1 NE and NE First Street to be fixed for $2200.

JoAnn Spence moved the meeting to be adjourned. Tim Waddle seconded the motion.

A. GENERAL INFORMATION

This document was developed to provide a uniform format for handling contract changes that affect Contract Price or Contract Times. Changes that have been initiated by a Work Change Directive must be incorporated into a subsequent Change Order if they affect Price or Times.

Changes that affect Contract Price or Contract Times should be promptly covered by a Change Order. The practice of accumulating Change Orders to reduce the administrative burden may lead to unnecessary disputes.

If Milestones have been listed in the Agreement, any effect of a Change Order thereon should be addressed.

For supplemental instructions and minor changes not involving a change in the Contract Price or Contract Times, a Field Order should be used.

B. COMPLETING THE CHANGE ORDER FORM

Engineer normally initiates the form, including a description of the changes involved and attachments based upon documents and proposals submitted by Contractor, or requests from Owner, or both.

Once Engineer has completed and signed the form, all copies should be sent to Owner or Contractor for approval, depending on whether the Change Order is a true order to the Contractor or the formalization of a negotiated agreement for a previously performed change. After approval by one contracting party, all copies should be sent to the other party for approval. Engineer should make distribution of executed copies after approval by both parties.

If a change only applies to price or to times, cross out the part of the tabulation that does not apply.

Meter Box

Additional Height due to Existing Line being deeper than planned and PRV, RPZ being to close to road resulting in relocating the meter box to the west and into the hill side requiring an 8' ft tall vault and PRV box instead of the planned 4' verticle height

Box Change order request includes:

Additional excavation, additional material, labor, equipment and concrete pump

Unknown site condition "Steel Encasement"

Discovered the existing line was in a steel encasement. This required the removal a section of the casing, adding casing spacers and sealing the ends of the casing, before the tap and valve could be installed.

Pricing includes

Additional labor, and materials to cut, place spacers and seal both exposed ends existing casing
